FULL STACK DEVELOPER (MERN)

SKILLS

Languages : JavaScript, Python, HTML5, CSS3

Database: MySQL, Mongo DB

OS : Windows, Linux

Technologies/ Framework : Node JS , React JS, Express JS, Bootstrap, REST

Tools : Git, POSTMAN

EXPERIENCE

Software Developer Intern

[Oct'22-Mar'23]

Prometteur Solutions Pvt Ltd

- Developed a Smart Farm Web Application during the internship, leveraging React and Node.js to create an innovative solution for farmers to monitor the temperature and humidity.
- Implemented responsive and user-friendly interfaces using React, ensuring an intuitive user experience for farmers to track real-time data and receive automated alerts.
- Integrated various APIs, including weather data and IoT sensor readings, to provide farmers with accurate insights into environmental conditions and enable informed decision-making.

PROJECTS

Crio Fellowship in Full Stack Web Development

XFlix

Skills: ReactJS, NodeJS, ExpressJS, MongoDB, Postman, REST API, Netlify

XFlix is a video sharing platform which hosts videos for the world to watch. It also features uploading new videos by using external video links (eg: Youtube) and playing these videos.

During the course of this project,

- Built XFlix Front-end using React.js and backend using Node.js code from scratch.
- Implemented APIs according to the API contract set

QKart

Skills: React, Node, JSON, REST, Material UI, JavaScript Framework, ES6, Deployment, Netlify

QKart is an e-commerce application offering a variety of products for customers to choose from.

During the course of this project,

- Implemented the core logic for authentication, shopping cart and checkout.
- Built the complete set of REST APIs for an E-commerce application using Mongo DB NoSQL database for data storage.
- Utilized REST APIs to dynamically load and render data served by the backend server.

Admin-UI Geektrust coding challenge (Score-94)

Skills: React, HTML, CSS, Bootstrap, JavaScript, Responsive Design

During the course of this project,

- Implemented a user-friendly interface using React and Bootstrap, ensuring a responsive design.
- Implemented CRUD operations to manage various entities.

QTrip

Skills: HTML, CSS, Bootstrap, JavaScript, Responsive Design, Figma, Heroku, Netlify CLI

QTrip is a travel website aimed at travelers looking for a multitude of adventures in different cities.

During the course of this project,

- Created web pages using HTML and CSS and made them dynamic using JavaScript Programming.
- Improved UX with multi-select filters, image carousels.
- Utilised localStorage to persist user preferences at client-side.

EDUCATION

Savitribai Phule Pune University

B.E. | Computer Science and Engineering

8.78/10 CGPA

2018-2022
